

A-IK40 - Admore Fly and Insect Killer | Powerful Fly Zapper 20W (2x10w) UV Light | 40cm Professional Electric Bug Zapper

Datasheet

Description:

- **POWERFUL FLY ZAPPER** - This Admore Electric Bug Killer works automatically and emits powerful attractant ultraviolet rays by 2x10W tubes that attract flies, mosquitoes, and other flying insects and kills them in seconds.
- **LONG RANGE DISTANCE** - Two UV bulbs emit powerful attractant ultraviolet rays that attract flies, mosquitoes, and other flying insects from long distances. These 10W tubes are replaceable. This mosquito killer poses no health hazards, however, children should avoid going near it.
- **NO ODOR & NO CHEMICALS** - No more pesticides or potentially harmful sprays. Get rid of bugs fast without sticky, messy poisons and sprays. Great for places where pesticides can't be sprayed like Hotels, Restaurants, Libraries, Offices, Nursery, Schools kitchens, and hospitals.
- **HANGED ON A WALL OR STANDING** - This Insect Killer is lightweight and can easily be hanged at your desired place or can also be left standing on its own. The light is strong enough to attract insects but not too strong to actually disturb your sleep on a night.
- **For Indoor Use Only** - Ideal for all indoor residential & commercial use. Use in every home area as well as hospitals, workplace areas, Commercial spaces such as restaurant kitchens, warehouses and retail stores. Exceptionally safe and secure, not for outdoor use!
